			stratogios
		2	strategies.
			To understand how advertising works.
			To understand advertising media.
			To understand how building advertising program.
			To understand how advertising layout.
			To understand advertising budget.
			To understand measuring advertising effectiveness.
	~		To understand advertising agencies.
MBA	Security	1.	Understand the basic structure and working of primary and
921	Analysis and		secondary financial markets in India and conversant with
	Portfolio	-	computation of risk and return.
	Management	2.	Understand and appreciate the fundamentals and technical
			analysis tools for analysing financial securities.
		3.	Well versed with the concept of a portfolio and understand
			the principles of portfolio theories.
		4.	Acquaint and understand portfolio analysis, portfolio
			evaluation and portfolio revision techniques.
			Understand the basic concept of derivates.
		6.	The students understand and clarify the concept of security
			analysis and portfolio management in case studies.
MBA	Management of	1.	Understanding deep knowledge of financial services of
922	Financial		firm.
	Services		Understand mutual fund schemes.
		3.	Apply financial terms to know about credit rating.
		4.	Understand concept of merchant banking.
		5.	Access to know about venture capital.
		6.	Provide knowledge of plastic money.
MBA	Social Security	1.	Understand the concept of social security, social assistance
961	& Labour		and social insurance.
	Welfare	2.	Enlightens the students about payment of wages act,1936.
		3.	To provide the knowledge about acts as applicable in
			India.
		4.	To focus on employment state insuranceact, provide funds
			and miscellaneous provision Act, gratuity Act.
		5.	To provide knowledge about I.L.O., labour welfare.
			To provide the knowledge of labour administration.
			The students Understand and clarify the concept of social
			security labour welfare in case studies.
MBA962	Training &	1.	Develop, refine and implement training and development
	Development		programs to develop the skills and competencies required
	-		in an organisation
		2.	Creating understanding among students for need,
			importance and implementation of training
			rrrs

Moga Road, NH-95, Ferozepur -152004 (Established by the Punjab Government) (Formerly Shaheed Bhagat Singh College of Engineering & Technology)

		3. Assess the potential to achieving employee development by understanding Training and Development System.
		4. Monitor and perform ongoing evaluation and assessment of training quality and effectiveness, and review and modify training objectives, methods and course deliverable.
MBA 981	Programming in C	1. Identify and understand the working of different operating systems like Identify and understand the working of key components of a computer system (hardware, software, firmware etc.).
		2. Understand computing environment, how computers work and the strengths and limitations of computers.
		3. Identify and understand the various kinds of input-output devices and different types of storage media commonly associated with a computer
		4. Identify and understand the representation of numbers, alphabets and other characters in computer system
		5. Understand, analyze and implement software development tools like algorithm, pseudo codes and programming structure
		6. Study, analyze and understand logical structure of a computer program, and different construct to develop a program in 'C' language
		7. Write small programs related to simple/ moderate mathematical and logical problems in 'C'.
		8. Study, analyze and understand simple data structures, use of pointers, memory allocation and data handling through files in 'C'.
		9. windows and Linux etc.
MBA 982	Relational Database Management	1. Able to master the basic concepts and understand the applications of database systems.
	System	2. Able to construct an Entity-Relationship (E-R) model from specifications and to perform the transformation of the conceptual model into corresponding logical data

Moga Road, NH-95, Ferozepur -152004

(Established by the Punjab Government)

(Formerly Shaheed Bhagat Singh College of Engineering & Technology)

		structures.
		3. Able to distinguish between good and bad database design, apply data normalization principles, and be aware of the impact of data redundancy on database integrity and maintainability.
